

up close and personal: Dr. Mike points out details of Welsh history and heritage to a Welsh-American guest.

The personal and flexible approach is something that Mike is justifiably proud of. And even for a tour lasting a day or two, Mike's knowledge will turn any trip to Wales into a journey back in time. And although most of his customers are from North America, the tours on offer through Dragon Tours are suitable for anyone, of any age and from anywhere in the world. 

*NOTE: Dragon Tours receives assistance from the Wales Tourist Board and Aelwyrio.*
